

Riviera Maya, Mexico

August 17-22, 2018

SCUBA MEXICO!

Come join us in beautiful Riviera Maya in Mexico!!!

You will be diving on colorful reefs that are teeming with beautiful tropical fish. Or swim with Whale Sharks on an optional last day excursion.

We will also be doing cenote (cavern) diving. The Mayans believed the caverns were the gateways to the afterlife. During our dives you will view the stalactites and stalagmites that formed over 60,000 years ago. Cenote diving provides barely discernable currents and excellent underwater visibility.

While in Mexico you can complete your OW training dives and have time to earn your AOW Certification. Already certified? Earn your Cavern, Deep, Night, Drift or Nitrox Certification on this trip. If you are interested in any specific training please give us a call to discuss the options as certification and training dives are available for an additional charge.
